MORE BIBLE STUDIES
by Willis E. Bishop

Preface

These additional Bible studies were taught by Willis E. Bishop at Good Samaritan Village, Kissimmee, Florida.

Transcriptions were made from cassette tapes with limited editing to preserve the teacher's style. Every effort was made for accuracy, and any errors may be attributed to the transcriber.

Willis Bishop taught most Bible and Bible-related subjects and was Professor of Old Testament at Washington Bible College in Washington, D. C. and Lanham, Maryland for thirty-five years. He also taught in churches of various denominations in Maryland, Virginia, and Washington, D. C.

The transcriber believes the benefit of Willis Bishop's years of research, study and teaching should be passed on to other students and teachers. The teacher urges all students to be "Berean" in their study of the Scriptures.

There is no copyright. Students are free to make copies of any material that will aid in their study of the Word of God.
